

Beaver[®] Mini-Blades

Innovative Solutions for Specialty Surgery

For over 75 years, Beaver[®] has been the industry leader for meeting the needs of specialty surgeons for a broad range of surgical procedures. Beaver's new Mini-Blades are manufactured using a proprietary grindless technology that yields consistent sharpness and blade geometry and are available in a variety of designs to meet all small incision and excision needs. Beaver[®] Mini-Blades are preassembled into a unique, patented tip, designed for safe assembly and ease of use. Each Mini-Blade[®] is color coded for easy identification.

Beaver [®] Mini-Blades*
